

AT YOUR SERVICE

IN HOME CARE FOR OLDER ADULTS

Your Support System

We want to be an integral part of the support system, but we are not its replacement. We take pride in being extremely flexible as well as never having to bind our clients with contracts or deposits in order to start services. We realize that not everyone requires the same amount of care. This is why we offer our services on an hourly basis all the way up to 24/7 support.

We strive to develop long-term relationships with our clients to enrich their lives. We bring them a sense of the outside world, give them a consistent visit to anticipate and we listen and engage in what they have to say. Someone reliable will know what they need and how to make it all happen.

Employees of "AT YOUR SERVICE" are State of Wisconsin Certified Nursing Assistants (CNA). Of course, we perform complete background checks & every employee is bonded and insured under the company's comprehensive liability insurance policy.

About Us

"AT YOUR SERVICE" provides an affordable alternative for those individuals who wish to remain in their homes and live a fulfilling, healthier and happier life. We help all of our clients to experience quality of life, maintain independence and most importantly, peace of mind.

We are a locally owned company, not a franchise or large corporate entity. We deliver extraordinary client service at an affordable price.

Our highly personalized approach is designed to maximize peace of mind and we place high value on integrity, honesty and trust. Our caregivers are knowledgeable, friendly and personable, creating lasting relationships with our clients.

We understand you can never replace the love and support of an individual's family but we also understand the need for the well deserved "break" that family caregiving members sometimes seek and need.

Our company takes pride in being dependable, flexible and affordable. The most valuable piece of our job is getting to know the people we are caring for, thus providing a trusted, knowledgeable source for daily needs that can be depended upon day or night.

Our Services

Conversation / Companionship

We're available to provide clients company, engage in conversation, or provide recreational activities and crafts.

Medication Reminders

We assist with opening medication containers, reading labels and reminding when it is time to take medications.

Alzheimer's / Dementia Care

Losing one's memory and other life skills is probably the most difficult transition that occurs in today's world. Our caregivers have patience, creativeness and experience.

Household Organization

Getting the daily paper and mail, watering the plants, organizing bills, weekly reminders and escorting to appointments are just a few of the services we provide.

Light Housekeeping

Our light housekeeping services include vacuuming, dusting, sweeping & mopping floors, cleaning bathrooms, cleaning kitchens and other assorted household chores.

Meal Prep (Including Special Diet)

"AT YOUR SERVICE" will plan and prepare hot, delicious, and nutritious meals, allowing clients to help with preparation according to their ability.

Laundry / Linens

Laundry can be done in either the client's home or the laundromat and includes washing, drying, folding, ironing and putting things away.

Grocery Shopping / Errands

We will shop for groceries and other items needed at stores of our clients' preference & run errands, such as picking up prescriptions or going to the post office.

Incidental Transportation

We provide transportation such as taking clients to medical appointments, barbershops, beauty salons, shopping at the mall, or wherever else our clients want to go.

Bathing / Personal Hygiene

Personal Hygiene is of utmost importance to all of us. Assisting clients in and out of the shower, washing hair, brushing teeth and toileting are all part of what we do.

Transfers & Lifts

Avoiding falls is paramount to every older adult. Holding an arm, assisting with a gait belt or utilizing a lift to help our clients is something we do on a daily basis.

Therapy Exercise Reminders

When the Doctor orders Physical, Occupational or Speech therapy, "AT YOUR SERVICE" is there to remind and assist our clients in practicing their home exercises.

Hospice Assistance

Helping families cope with the passing of a loved one at home can be overwhelming. We work closely with local Hospice companies to ensure that family members can stay strong.

Respite Care / Family Relief

Caregiving can be demanding amidst life's other responsibilities. Family caregivers and those in their care can benefit from a little time off now and then.

"AT YOUR SERVICE" is a non-medical home care company owned & operated by Tom Genetti, servicing Waukesha County and surrounding communities.

As a service provider, we recognize the importance of performing to the highest standard of our client's satisfaction, as well as the need to perform to the ultimate satisfaction of their family & loved ones. Our mission is to meet the needs and desires of our clients by offering total flexibility in how one chooses to use our services.
